

Travel-Network

Travel Consultancy & Travel Services

Brunei Darussalam, Mongolia, Namibia, Sierra Leone

An Introduction to the Travel-Network!

The Travel-Network is a unique union of country specialists, travel experts, travel consultants and travel enthusiasts from different countries and since 1999. The network is specialised on individual services like bookings, travel planning and many more. We are focused on some remote and hidden countries that are not on everybody's travel itinerary. The Travel-Network experts are from the different countries, working for many years in the tourism industry and have a permanent insight view into the latest travel secrets and highlights in these countries. Currently we are focussing on Brunei Darussalam, Mongolia, Namibia and Sierra Leone.

In order to maximize our customer service we have a one-stop contact office that is taking your travel requests and allocating these to the different experts all over our target travel destinations. You only have one contact person dealing with all your travel needs, questions, booking requests, etc. Most of our customers are coming from Europe and therefore our headquarters as well as one-stop contact office is located in Hamburg (Germany), in the heart of Europe. This allows us easy communication and fast response times with our customers.

The Travel-Network is managed and owned by Christian Trede, an enthusiastic German entrepreneur working for many years in different areas of tourism and travelling many months every year. He was raised, lived and studied in Germany, Sierra Leone, Namibia and South Africa and thus has brought insight and knowledge into most of our travel destinations. He is running the one-stop contact office in Germany so most of our customers will have contact with him, while he holds up the communication with the travel experts abroad in the partner offices in Bandar Seri Begawan (Brunei Darussalam), Freetown (Sierra Leone), Ulaanbaatar (Mongolia) and Windhoek (Namibia).

Being a travel consultancy network we do individual travel planning and booking services and we act as a broker of individual travel services of different tour operators.

Our Services

Our service includes the following, but is not means limited to the given aspects. Just contact us and we will see how we can plan your travel and make it unique!

- Individual travel planning based on your wishes, ideas, budget, etc.
- Booking of accommodation, e.h. hotels, lodges, guest farms, etc.
- Vehicle Rental... no matter if you are looking for a car, 4x4, bus, quad or aircraft
- Booking of hunting trips, hunting safaris and hunting farms
- Booking of all kind of safaris and guided tours, e.g. trekking, horse-back riding, boat trips
- Booking of travel guides, drivers, chauffeurs, translators and and and...

You can reach us at our one-stop contact office in Hamburg (Germany) 24/7 by eMail, fax or snail-mail.

Travel-Network

Travel Consultancy & Travel Services

Brunei Darussalam, Mongolia, Namibia, Sierra Leone

Uniqueness

Not only our portfolio of destinations is unique, but also our service is unique. In many aspects we are just different from most other travel consultancies, travel experts and travel agencies:

- Our whole service is for our customers absolutely free
- We have experts from and in our different destinations: Brunei Darussalam, Mongolia, Namibia and Sierra Leone
- We do not add on the prices we get from the tour operators, hotels, etc.
- Only 100 % original prices - the prices we get are your prices
- No fixed contracts with any tourism service provider, i.e. we can offer you any service from any business and we can book everything for you

How we Work

We follow a - somewhat - set procedure in order to plan and book your dream holidays. By keeping to this order (however we adapt this to your individual needs and wishes) we make sure that no aspect is missed out and that we can help your with your travel to and through Brunei Darussalam, Mongolia, Namibia or Sierra Leone.

Our step-by-step guide should give you a broad overview of our Travel-Network procedures:

1. After you got in contact with us through e.g. our web site www.Travel-Network.net, we discuss your first ideas and wishes (e.g. regarding your travel budget), so that we can plan your individual dream holidays.
2. In the next step we will write down a first draft of a travel plan, including dates, ways, places and first ideas around accommodation and interesting safaris and tours. You will receive this first draft by eMail, generally within 5 working days.
3. After you looked through the travel plan and discussed it with your fellow travel partners, we will speak again and maybe do necessary changes.
4. Only after receiving a "Go" from you we will get in contact with accommodation establishments, safari companies, etc. in order to get their vacancy and availability as well as current prices. We will also do pre-bookings in your name in order to secure the safaris, hotels etc. you want.
5. When prices and availabilities are confirmed (if a specific service is not available, we will look for comparable alternatives) and you are satisfied, we will start the booking process. Most of the travel business need a pre-payment or credit card information to secure your booking. Generally within a few days we will get the confirmation from the different travel businesses.
6. Only when all accommodation, car rentals, safaris, etc. are confirmed, you will get your whole travel package (by ordinary mail or eMail) from us. This includes confirmation / vouchers, contact information, general instructions (how to find accommodation ABC, etc.) and many more information like a brief A-Z guide to help you with the most important information regarding your travel destinations.

Travel-Network

Travel Consultancy & Travel Services

Brunei Darussalam, Mongolia, Namibia, Sierra Leone

Countries

The focus of the Travel-Network and its local experts lies on some countries that are not on everybody's travel itinerary: Brunei Darussalam, Mongolia, Namibia and Sierra Leone. You will find a brief overview to all countries in the top menu, while for Namibia, Mongolia and Sierra Leone we are operating own portals (however, at the moment only in German).

Sierra Leone

The small West-African Republic of Sierra Leone is recovering for some years now, after a ten year brutal civil war. Today, Sierra Leone is opening up more and more and puts itself back on the tourist map. Known as the "Caribbean of West Africa" it offers kilometres of uninhabited, fine sandy beaches, surrounded by tropical rainforest hills. The traveller will discover pure nature and gets to know the "true" Africa. More on our Sierra Leone-Portal at www.travel-SIERRALEONE.sl

Namibia

Namibia, the Diamond of Africa is a fascinating country in the very south-west of the continent. Namibia can easily compete with its big neighbour South Africa, offering the "World in One Country ". Since the end of the Apartheid Namibia is a booming tourist destination and is high up in the destination rankings in Africa for tourists from the United Kingdom, Germany, Italy and France. Not without reasons Namibia was voted by well-known Condé Nast Traveller (2003) as the No. 18 top tourist destination in the world. More information on our Namibia-Portal at www.travel-NAMIBIA.com

Mongolia

Mongolia is home to Chinggis Khan, the greatest emperor ever. Till today most of the Mongolians are living as nomads, roaming the steppes, deserts and mountain regions of this vast wide land. As a tourist destination Mongolia is growing more and more every year... not only with adventure travellers, but also for "common tourists". Similar to Namibia, Mongolia is also known as the "Country of the Wide Open Spaces". More information on our Mongolia-Portal at www.travel-MONGOLIA.de

Brunei Darussalam

Brunei is a small Sultanate on the east Asian island of Borneo. It is well known for its Sultan living in the largest palace in the world and being the 4th richest monarch on the planet. Brunei combines modernism with Muslim traditions and offers the tourists everything from culture, nature towards entertainment and sports. Brunei is a popular stop-over destination on the way to Australia and New Zealand, however, it has much more to offer.
